## JINGO PAPERS CONDEMN JAPAN'S PROTEST TO U. S. AS TOO MILD

The Yamato Urges People to Rise and Take Matter Out of Hands of Government if American Reply is Unsatisfactory—Boycott American Goods

TOKIO, June 3. (By the Associated Press)—The more responsible of the Japanese newspapers generally approve of Japan's protest against enactment of exclusion by America, while the jingo newspapers condemn it as being too mild.

The Jiji Shimpo, the most conservative of Japanese newspapers, concludes its comment:

"If the United States receives the protest as a mere occasion for a diplomatic debate, not appreciating Japan's position, it can only aggravate the situation."

The Yamato, a jingo paper, says that the protest only half expresses the indignation of the Japanese people and urges the people to rise and take the matter out of the hands of the government.

ment if the American reply is unsatisfactory.

The Yozon Choho declares the protest must be regarded as "a mere preliminary to more positive steps."

Boycott American Goods  
TOKIO, June 3.—(By the Associated Press)—Several Tokyo stores today are displaying signs which read: "No American goods sold here."

A number of the vernacular newspapers assert that movement to boycott American products started as a protest against passage of the new American immigration law, including a clause prohibiting entry of Japanese, is gaining ground among the middle and lower classes, despite the efforts of the government to check its spread.

## MANGLED BODIES OF OCCUPANTS OF BALLOON FOUND IN FIELD

Dr. Meisinger of Weather Bureau and Lt. Neely Killed—Balloon Exploded and Was Destroyed by Fire—Were Making Ninth in Series of Air Tests

HELLEVILLE, Ills., June 3.—The mangled bodies of Dr. C. Leroy Meisinger of the United States weather bureau, Washington, and Lieut. James T. Neely of Philadelphia, who left Scott Field, late yesterday in the army balloon S-3 for the ninth in a series of air test flights were found near Bement, Ills., today. The balloon had exploded and was destroyed by fire. Bement is about 150 miles northeast of Scott Field. A watch on Lieut. Neely's body, had stopped at 11.15, seven hours after the fatal flight started. Both men were pilots, but Lieut. Neely was in charge of the balloon while Dr. Meisinger made his observations.

BOSTON, June 3.—The state bonus bill giving yeomen (F) \$100 each for service during the World war, has become a law by reason of Governor Cox's failure to veto the bill within the five-day period. Approximately 1000 young women will participate in the grant.

### N. E. GAS MANAGERS AT VESPER COUNTRY CLUB

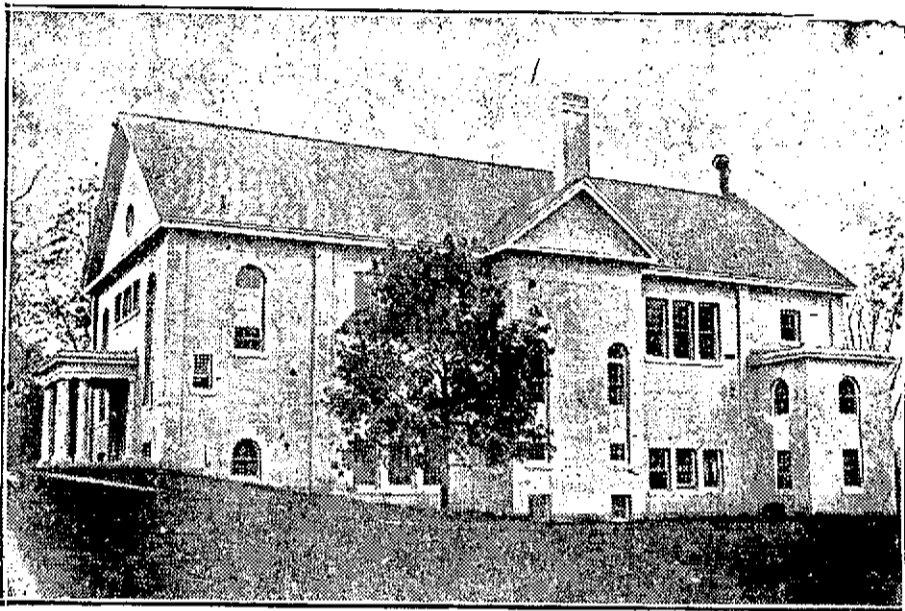

The Guild of Gas Managers of New England, including in its membership officials of practically every gas lighting company in the five states, held its annual outing and jollification today at the Vesper Country club, where golf and tennis took up the major portion of a busy and pleasant day.

The weather was ideal for an outing day and the several scores of men who attended enjoyed every minute of it. Dinner was served by the club at 1 o'clock with post prandial exercises following, presided over by Clifford E. Paige of Boston, president of the guild. Among those in attendance were Geo. F. Moller, president; Charles R. Prichard, vice president and general manager; Francis Millepaugh, purchasing agent, and Edward J. Conney, publicity manager of the Lowell Gas Light Co.

The general guild committee in charge of the outing included A. F. Cooper of Exeter, N. H., Francis Drake of Lynn and Samuel Norton of Nashua, N. H.

A feature of the golf play was an exhibition round by A. F. Cooper, New Hampshire champion, 1904, and his son, William P. Cooper, one of the Granite state's leading players today and favored by many to win the state crown this year.

## COMMENCEMENT EXERCISES AT ROGERS HALL SCHOOL

GYMNASIUM WHERE EXERCISES WERE HELD

A class of 24 young women, representing cities and towns in 13 states, was graduated from Rogers Hall school today at exercises held in the school gymnasium. The picture presented in the school grounds and during the graduation program was one of rare beauty and it came on a day when delightful summer weather was perfectly in tune with the commencement season.

Proceeding the graduation exercises, which began at 10.30 o'clock, the senior class members received with Miss Olive Parsons, principal, and other faculty members. Every available chair in the gymnasium was occupied when the graduates and under-graduates filed into the hall to the music of the commencement march played by Geo. C. Vich, instructor of music at the school. The graduates carried bouquets of purple sweet peas and Ward roses, tied with streamers of peach colored ribbon. The year is not far distant when the gymnasium will begin to provide accommodations for those who annually take an interest in these exercises, for the alumnae steadily is growing and each year finds more former graduates back for the commencement program at the school.

The principal address at the exercises was given by Alfred Stearns, principal of Phillips academy, Andover. Continued to Page 4

## SHENANDOAH OFF ON VISIT TO ALBANY

LAKEHURST, N. J., June 3.—The dirigible Shenandoah was cut loose from her mooring mast at 7.29 a.m., standard time, and immediately was headed toward Newark, on her trip to Albany, the Canadian border, and Central New York and Pennsylvania towns.

Proceeding to Albany to participate in the celebration commemorating the founding of New York's capital city, the cruiser's itinerary was to include New York, Hudson river municipalities. Continued to Page Three

## WAR VETERANS MAY LOSE THEIR PAY FOR MEMORIAL DAY

Chairman Dennis J. Murphy of Public Service Board Refuses to Sign Payroll—Says Payment of Men Who Did Not Work Would Be Illegal

Another municipal imbroglio, involving the various boards of public service and of health, the ashes and waste department and the city solicitor, which they belong, expected that they would be paid. Chairman Murphy said this forenoon that the payroll of the ashes and waste employees of the city had not been submitted to him for Memorial day because they elected to observe the day rather than work. Under the law, veterans may not be required to work on this day and the men who took advantage of this proviso, many of them to march with the veteran organizations to waste department and the city solicitor, which they belong, expected that they would be paid.

## WILL GIVE CONCERTS IN LOCAL ELEMENTARY SCHOOLS

High School Band Instructor Hits Upon Novel Idea to Arouse Interest for Band Work—Will Give Short Talks on Various Instruments

To awaken interest among boys in elementary schools for band work, the high school band will visit each elementary school in the city and give concerts while instructor John J. Giblin will give a short talk on the various instruments composing the band. Thursday of this week the band will visit the Butler school and on Friday will give a concert at the Charles W. Morrey school. Next week several other schools will be visited and before the end of the year, Mr. Giblin believes every elementary school will have had an opportunity to hear the band. The band was very successful this year and, according to Mr. Giblin, the boys composing it have done excellent work, but he believes the bands of future years will be even better if boys begin to prepare themselves for band work a year or more before they enter high school. It is with this aim in sight, he says, that several other schools will be visited and before the end of the year, Mr. Giblin believes every elementary school will have had an opportunity to hear the band.

## CHILD LABOR AMENDMENT

Proposal Adopted by Congress Before States Today for Final Action

Empowers Government to Limit or Prohibit Labor of Children Under 18

WASHINGTON, June 3.—The child labor amendment to the constitution was before the states today for final action.

The proposal which would empower the federal government to limit, regulate or prohibit the labor of children under 18 years of age, already adopted by the house, was approved last night by the senate, 61 to 24, and now awaits ratification by three-fourths of the states to become part of the nation's fundamental law. Although President Coolidge has expressed himself in favor of the amendment, his approval of the resolution is not required.

A dozen efforts to modify the resolution during the senate debate in which almost every member present participated, were voted down, and it was adopted as it came from the house with its republican, 19 democratic and 17 farmer-laborer supporters. It reads as follows:

"When the number of applicants for admission to the school have been received by Principal Clarence M. Ward and of this number only 134 can be admitted, owing to class room limitations. A letter has been sent to each of the applicants outlining the system of admission and explaining the system of admission. This letter in part reads as follows:

## A black and white photograph showing a large, multi-story building with a prominent tower, possibly a castle or a large institutional building, viewed from a distance across a body of water. The building has a complex roofline with several gables and a tall, thin tower on the right side. The foreground is dominated by the water, which reflects the building and the sky. The overall image has a grainy, high-contrast quality.

The Spirit of Art was represented by three symbolic figures—Architecture, Sculpture and Painting. Painting, which did not develop as a fine art until the early Renaissance, acted as interpreter. Architecture and Sculpture appeared in Greek costumes and ramained through the Egyptian and Grecian episodes, but left the stage to Painting before the early Renaissance.

The characters of the pageant were as follows:

# Why Bake Your Own Bread?

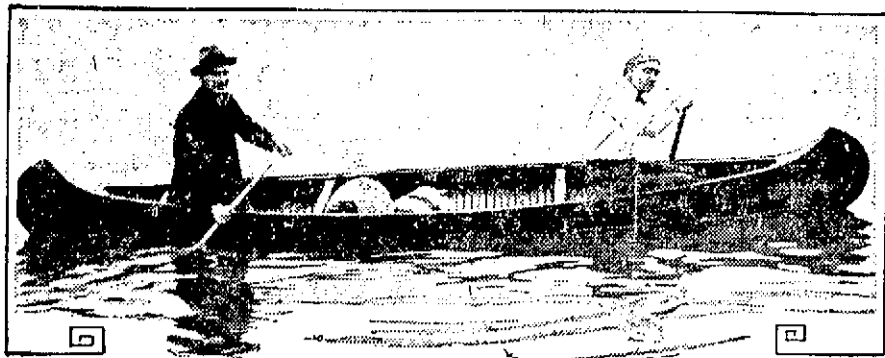

**Y**EARS ago baker's bread was of uncertain quality. Sometimes it was good, and sometimes it wasn't. The bakers were not so much to blame, either. They just hadn't learned how to make bread that tasted like mother's home-made bread. In fact, such bread was mighty hard to get until Old Home Potato Bread came into the market.

Old Home comes mighty close to being as fine in flavor and rich in goodness as home-made bread. It has a delicious, old-fashioned taste that brings back a lot of old memories. And it does still more—it relieves the woman whose family wants home-made bread of the work of making it. Why bake your own bread when you can buy Old Home?

We want you to try this bread for yourself. Get it from your grocer, in the extra long loaf. Give it to your family, without saying anything about it beforehand, and it's a safe bet they'll notice the difference in a minute. For Old Home not only tastes like homemade bread—it looks like it, and even has the same appetizing odor. Order it from your grocer.

## ALBANY N. Y. CELEBRATES

More Than Three Centuries of History, Progress and Achievement Depicted

ALBANY, N. Y., June 3.—More than three centuries of history, progress and achievement were depicted in the climax today of Albany's tercentenary

celebration. With 30 bands, 60 floats and more than 15,000 marchers, all periods from the days of the Indian to the present were reproduced.

Above the capital, during the day, will float the giant dirigible Shenandoah, the latest development in man's conquest of nature, while out in the Hudson lay, in sharp contrast, the historic reproduction of Hendrick Hudson's Half Moon, on which he sailed up the Hudson in 1609, in an attempt to find a western route to Asia.

The celebration began officially yesterday, one of the most picturesque events of the day being a pageant of the landing of the first Dutch settlers

on the site of Albany three centuries ago.

Today the historic birthplace of "Yankee Doodle" Fort Crailsieff, in Rensselaer, was turned over to the state with fitting ceremony while a gaily decorated parade of boats passed the fort.

far as the city line, with parallel asphaltic strips on either side to serve as cushions. The remainder of the road will be asphaltic concrete.

Excavation began at the Livingston avenue end of the road last month and a big steam shovel has now progressed to a point about midway between Pine and Baldwin streets. A considerable amount of sewer, water and gas work is being done in the excavated section so as to obviate the necessity of disturbing the new surface in the near future for needed service connections.

While fast progress is being made on the local end of the job, similar speed is being shown by excavation gangs at North Chelmsford, between that village and Tynsboro and between the bridge and the state line. The work was begun simultaneously in several different locations, so as to get the entire road ready for the new surface at one time.

for any school or department is in excess of the number that can be admitted, candidates will be considered in the order in which their applications are received at the Normal school; provided the high school principal submits the school record and the candidate obtains credit for 15 units by certification or examination by July 1.

In case the quota of the school is not then filled, the remaining num-

ber may be admitted as the result of the September examinations in the order of their applications.

From the above it will be seen that, in all probability, the number to be admitted to the school in September will be filled upon the completion of this week's examinations.

The schedule of examinations follows: June 5 and Sept. 8, 8:15 to 9:30, registration; 9:30 to 10:30, English; 10:30 to 12:30, Latin, commercial subjects; 1:30 to 4:30, social studies; June 6 and Sept. 9, 8:15 to 9:30, registration; 9:30 to 10:30, mathematics; 10:30 to 12:30, German, French, Spanish; 1:30 to 4:30, sciences; 5:30 to 8, fine and practical arts.

## M. HERRIOT ASSURED OF WORKING MAJORITY

PARIS, June 3.—By the Associated Press: While the governmental crisis continues to be acute, the prospective premier, M. Herriot, is at least assured of a working majority in the chamber of deputies through the decision of the socialist party congress which in the early hours of this morning unanimously adopted a resolution pledging its socialist support.

The question of President Millerand's tenure of office, however, remains as confused as before, the only thing which appears certain being that he will resist to the end all efforts to force him out. Doubt is expressed in some quarters whether the radicals are willing to go so far as to create a precedent whereby the president would have to resign whenever one party he favors was beaten in the elections.

Friends of Premier Poincaré remark that M. Herriot's foreign policy is announced in his letter to the socialist leader, M. Herriot, does not differ from that of the present premier. They point out that he has no intention of evacuating the Ruhr until the security provided by the reparation experts' report is given by Germany and that he accepts the report without reservation, as has M. Poincaré.

## FOR COMPROMISE FARM RELIEF BILL

WASHINGTON, June 3.—With defeat of the McNary-Haugen farm relief bill predicted, even by proponents in advance of a vote in the house today, efforts were redoubled to work out a compromise measure which could be enacted before adjournment of congress.

A vote on the McNary-Haugen bill was the first order of business in the house today, but its supporters had hoped for its passage yesterday and began a series of conferences looking to some action for relief of agriculture before Saturday night.

## MORTGAGES SALE OF REAL ESTATE

By virtue of the power of sale contained in a certain mortgage deed, given by Rebecca Winberg, of New Bedford, Norfolk County, Massachusetts, to Isaac J. Quinn, of Lowell, Middlesex County, Massachusetts, dated July 21, 1923, and recorded in the Registry of Deeds for the Northern District of said Middlesex County, Book 658, Page 163, will be sold at public auction for cash of the conditions of said mortgage deed and therein described substantially as follows:

The land in said Lowell, with the buildings thereon, being lot numbered one (1) on a plan of land entitled "Plan of Land of George H. Wellman, July 31 1922, Osgood & Snell, C. E.," which plan is recorded in Middlesex North District Registry of Deeds, Book of Plans 3 C, Plan 152, and bounded and described as follows: Beginning at the northeasterly corner of the premises at the intersection of the southerly line of Middlesex Street with the westerly line of South Street; thence running westerly along said Middlesex Street, forty-eight and 5-10 (15.5) feet to lot No. 2, on said plan; thence southerly at a right angle to said lot No. 2, sixty-one and 5-10 (61.5) feet; then westerly at a right angle still by said lot No. 2 through the center of a passageway ten feet in width which is forever to be kept open, five (5) feet; thence southerly at a right angle through the center of another passageway ten (10) feet in width, which is to be forever kept open, forty-eight and 5-10 (48.5) feet to the center of Spring Street; thence easterly at a right angle along the center of said Spring Street, which is to be forever kept open, fifty-three and 5-10 (53.5) feet to said South Street; thence northerly at a right angle by said South Street, one hundred and ten (110) feet to the point of beginning. Containing five thousand five hundred seventy-seven and 5-10 (5577.5) square feet of land, more or less. Being the same premises conveyed to said Rebecca Winberg by Isaac J. Quinn by deed dated July 23, 1923, and recorded in said Registry.

The above described premises will be sold and conveyed subject to two mortgages, one to Austin K. Chadwick and Clarence A. Thayer, Trustees, upon which is due the principal sum of \$20,000 and accumulated interest, and the other to Philip Goldman et al upon which there is due the principal sum of \$2,000 and accumulated interest, and subject to any and all unpaid taxes, municipal or other assessments and tax sales which may be due or to become due thereon. The purchaser will be required to pay cash in cash at the time and place of sale, and the balance in ten days from the day of sale at 12 o'clock noon at the office of Solomon Baker, 601 Sun Building, Lowell, Mass.

## ASKS SUPPORT OF K. K. K. AND PROHIBITION PARTY

COLEMBUS, Ohio, June 2.—The American party organized in Columbus three months ago, and holding its first national convention here today will ask support of the Ku Klux Klan and the prohibition party. W. M. Lickus of Uniontown, Pa., temporary secretary, announced today.

He stated the party hopes to put a full state and congressional ticket in the field in the fall election. He said the American party is seeking support of the Ku Klux Klan because "our party depends upon those who desire to see the laws enforced."

About 100 delegates are expected to attend the convention.

**COMFORT STATION PLANS**

The park commission yesterday approved the plans of Architect Henry L. Bourke for a comfort station for the North common, to be erected on the site of the old band stand. It was voted to have the plans drawn in the office at city hall until June 10 and permit the submission of proposals by contractors up to that date.

## WATCH BABY'S HEALTH

Every Mother Should Know the Meaning of Common Symptoms

Do you know what it means when your baby's cry is fretful or peevish? What is threatened when the child holds its thumb tightly in the palms of the hands? Do you know what picking the nose indicates? What kind of a cough betrays cold? How the breathing sounds in bronchitis? These and many other things are explained in the book which is wrapped in every package of Baby's Own Tablets, a remedy that every prudent mother should keep on hand. They sweeten the stomach, reduce fever, break up colds and they are guaranteed to contain no opiate or narcotic.

Mrs. Laurette Casper, of No. 65 First street, New Auburn, Me., says: "I have used Baby's Own Tablets in my family for colds and as a children's remedy and find them excellent. They are a mild laxative and much better than harsh cathartics. I can cheerfully recommend them to all mothers."

Baby's Own Tablets are sold by all druggists or will be mailed on receipt of price, twenty-five cents per box by the Dr. Williams Medicine Co., Schenectady, N. Y.—Adv.

## MORRIS PLAN COMPANY IN NEW QUARTERS

The Lowell Morris Plan Co. has moved its offices from Shattuck street to the new "Curtis-Hill" building at 15 Kearney square, where it will occupy the entire second floor. The physical transfer of the building and business has been made and regular hours have been resumed in the new location. The company has done business in the Lowell institution for seven years.

The new banking rooms are spacious and well lighted and in every way lend themselves to the easy and comfortable transaction of the company's business.

## HOSPITAL REPORT GOES TO COUNCIL TONIGHT

The city council tonight will receive the report of the special committee named to investigate the charges of mismanagement and extravagance of the city hospital hospital. The committee last night heard the reading of the report as drawn by J. Joseph Hennessy, committee counsel and decided to adopt same.

The report charges the administration of the hospital from the mayor's charges and expresses the opinion that the institution is carried on in an economical manner consistent with the proper welfare of its patients.

## HELD FOR 22 HOUSE AND STORE BREAKS

PITTSFIELD, June 3.—Fred Peters, formerly of Waltham, sought in connection with 22 house and store breaks in this city, has been arrested by the Pittsfield police. He was traced through letters written to his wife here, he having been married the day after he is alleged to have broken into the Wallace Co. store and stolen some food.

## WILL HOLD BRIDGE AND WHIST PARTY

A bridge and whist party will be held in Liberty hall at 6 o'clock this evening under the auspices of the Business and Professional Women's club. The party, which is not limited to women, promises to be a most enjoyable one and includes a program which will please all attending.

Mrs. Fred A. Novary is chairman of the committee and she is being assisted by the following members of the club as aides:

Mrs. Bertha Ward, Miss H. A. River, Mrs. Margaret Lane, Mrs. Alice Brown, Mrs. Kenneth Stewart, Mrs. Emma Carey, Mrs. Rose Lemkin, Miss Helen Loupout, Miss White and Eleanor River.

## MISCELLANEOUS SHOWER

Mrs. Eleanor G. Jones was last evening tendered a miscellaneous shower at the home of Miss Carrie Stewart, 276 Shaw street. Miss Jones has been a patient in the city hospital, where she received many generous gifts by her friends who gathered to honor her. The house was prettily decorated in blue and yellow. An enjoyable program was given by Master Parker Gillespie, Misses Mrs. Plouffe and Helen Craig. Games were played and refreshments served under the direction of Miss Stewart. Mrs. Kenneth Stewart, Mrs. Ernest Craig and Miss Laura French, Miss Mildred Perry and Miss Stewart, members of the Arvendale class of the Calvary Baptist church, of which Miss Jones is a member, were in charge of the affair.

More than 200,000,000 parts of shoes were manufactured in the United States in 1923.

## CLOSING EVENT OF THE GYM SEASON

The closing event of the gymnasium season at the Young Women's Christian association was held last evening in the gymnasium. In the form of a costume party attended by adult and intermediate classes.

Following a beautiful supper served at 6 o'clock games were enjoyed under the direction of Miss Mildred Martens, physical director of the Y. W. Miss Natalie Roads was chosen the winner of the costume contest. General dancing was enjoyed during the latter part of the evening.

Mrs. Nell Gordon, assisted by Miss Alice Hoffman and Miss Nelda Cross were in charge of the supper, games and entertainment program.

## MISS COLEMAN HONORED

Friends of Miss Wilfred Coleman showered her with gifts at the home of Miss Lilla Davis, 219 State street, Sunday night. Miss Coleman is soon to become the bride of Arthur Brown, a local law student. The usual refreshments and games took up the greater part of the evening. An entertainment was provided consisting of numbers by Miss Grace Fulton, Mrs. William Groves, Miss Mildred Akers, Miss Minnie Connors, Miss Andrea Payette, Miss Nora Coleman and Miss Alice Leary. The affair was in the charge of Miss Grace Fulton, Miss Margaret O'Neill and Miss Lilla Davis.

## AMUSEMENT NOTES

**STRAND THEATRE**

"Daughters of Today," a motion picture based on a story as unusual as it is good and which made a decided hit with two capacity audiences yesterday is the leading attraction at the Strand theatre. The first of this week "Daughters of Today" is the second feature and the bill is rounded out with a comedy and news weekly, with the usual interesting and entertaining musical program.

"Daughters of Today" is an explosive disclosure of a certain set of the younger generation that lives only for liquor and excitement and this disclosure makes a thorough interesting cinema story. Patsy Ruth Miller, whose rise to fame came overnight, the leading lady, assisted by Ralph Graves, Zazu Pitts, Phillips Smalley, Paul McLaughlin and a number of other lesser-known stars, all good actors and well fitted for this story.

The scene of the story is laid in a big city's exclusive district and the characters are all members of the city's set, although to the credit of the city's society it must be said that the group about whom the story is woven forms only a small part of the "set."

Into the heart of this gay set, led by Louis Whitford in his position as patron, midnight bathing escapades and drinking bouts, comes Mabel Vandergrift, a typical moving picture country girl, ignorant of life and very anxious to jump into the swirling tide which she sees passing by and which she thinks is the tide of real life.

As her beauty gains her admittance to the set, so does it ruin her for the education of many so-called "shells."

## Out Goes All Rheumatic Poison

Rheuma Acts On Kidneys, Liver and Bladder the Very First Day.

Get a bottle of Rheuma today and wear a satisfied smile on your face tomorrow.

It's a remedy that is astonishing the whole country and it's just as good for joint, tendon, lameness and kidney misery as for rheumatism.

It drives the poisonous waste from the joints and muscles (that's the secret of Rheuma's success).

But we don't ask you to take our word for it. Go to Green's Drug Store or any good druggist and get a bottle, and if it doesn't do as we promise get your money back. It will be there waiting for you.—Adv.

whose idea of life is "wine, women and song." She meets Peggy Adams, wealthy ne'er-do-well and cousin of Ralph Adams, a southerner, who is in love with Lois. About his attempted conquest of Lois and Mabel's interesting part is a story well worth getting to know. Sufficient it is to say that the picture is unusual in its theme and its disclosures make a very interesting story.

"Wife in Name Only" is taken from the novel of Bertha M. Clay, and follows already the story. The theme of the play is "the woman scorned," which has been the theme of plays since the early days of the stage, but is interesting in that it presents the theme in a different way. The leading parts are taken by Mary Thurman, Edmund Lowe and Florence Dixon.

## B. F. KEITH'S THEATRE

Minstrelsy was revived in Lowell yesterday when the John R. Van Arman troupe arrived for a week's stay at B. F. Keith's theatre. They started the day with the old hallyhoo street parade through the downtown section and evening performances followed. The minstrelsy brought back memories of younger days to many in the audience and with the younger element made a decided impression because the jokes and wile cracks provided were all new and up-to-the-minute and as big as life.

The end men of the troupe appeared in blackface, the remainder of the troupe doing their stuff without resort to the blackface. Hugh Norton is the inter-comedian and as he admits, he makes a "head man" Red seemed to be the favorite color of the troupe and there was an abundance of it. The jazz band is like the minstrel band of old, plenty of blare and lots of endurance.

The olio, and from that you know it was a musical show, was equal to a set of the usual vaudeville acts and the female impersonations of Glyn Landick, a real artist, proved both novel and delicious. Helen Edith Conklin, "Cracker" Quinn, Ruby Semmes and Charlie Morris were the end men and all sure did "strut their stuff."

The dancing of Keefe and Scott was worthy of mention while the various singing numbers all held an appeal. Old songs and new ones went equally well. "Warm, Warm and Willing" by Cracker Quinn and "In the Country Town" by Harry Brown, both making special appeals. The minstrel troupe have good acts, they are well drilled and they bring back the fast fading days of the itinerant troupe that now exist perhaps only in memory.

"The Hill Billy" is the motion picture offering and Jack Pickford, brother of Mary and husband of Mark Miller of "Sally" fame, has the stellar part. There is the usual comedy, news weekly, fables film and topics offering.

## MERRIMACK SQUARE THEATRE

Rich, wholesome comedy plus a fascinating romance features the new Harold Lloyd starring vehicle, "Girl Shy," now playing at the Merrimack Square theatre. It is not a comedy of the so-called slapstick variety, but a humorous story of an embryo novelist seeking to make his way in the journalistic world by writing of love affairs. A tailor's apprentice in the town of Little Bend, where three things happen daily, morning, noon and night, Lloyd works his way after hours in composing a book on girls.

Superlatively shy of girls, he writes

a humorous series of articles on things that never happened in his young, bashful life, and goes along without feminine interference until he accidentally meets the daughter of a rich society woman of the city. By rescuing her from abandonment when the train pulls out of the Little Bend railroad station while he is on his way to the publisher's office to submit his book, he falls in love for the first time.

Romance deepens, but is dimmed when another author gains the girl's consent to marry because she thinks Harold has forsaken her. The hero fears, however, that the marriage is about to take place and with a check for \$3000—the initial payment on his manuscript, published by the city concern under title of "The Book's History"—there begins a series of hair-raising escapades in automobiles, electric cars, motorcycles and horses, with Lloyd always the central attraction.

From Little Bend to the city and the pit of his dreams, he pushes on with speed and grace and in so doing furnishes the audience with all kinds of thrills until he prevents the proposed marriage and rescues the girl.

The second feature of the current bill is "The Tie That Binds," the story of an inventive husband estranged from his wife because of his devotion to an ideal life on the gay white way, a murder and finally a happy reunion through the medium of a little baby, the tie that binds, make a picture at all times appealing. In the cast are William Carlton, Barbara Bedford, Walter Miller, Raymond Hutton, Robert Edison and Julia Swayne Gordon.

There is also a clever comedy skit, "Sally Miller," and an International News Reel.

## RIALTO THEATRE

"If Winter Comes," the tale of Mark Sabre, his love, his bruised heart, his unavailing combat with the stern verities of life and his ultimate triumph is now being shown at the Rialto theatre. So far as we can recall it is the one instance of a book—any book worth reading—that has been transposed to the screen with absolute fidelity. The majority of the million or so who read Hutchinson's novel liked it enthusiastically, and with care for the picture no less. The cause this story enjoyed is destined to be repeated in this extraordinary film version.

Percy Marmont takes off the puzzle-headed Sabre to the life, "Tumult," a mixture of "Tommy Traddles" and a Locke hero, he is a curiously engaging figure, the kind that both men and women like. Marmont's portrayal is a rare study in personality, shading from naive, whimsical humor to the most devastating emotion conceivable. It is in the acting as ever was witnessed on stage or screen. While Sabre is the chief actor, excellent portrayals are done by Sydney Herbert and Twynne, a man wholly admirable, save for his love for his son; William Riley Hatch, as the Rev. Sebastian Fortune, the portion and big-headed head of the church; and the lovely and the forest, as Nona, Lady Tybar, faithful above all to Sabre.

Canterbury, one of the most typical of English cathedrals, is the admirable setting for all that takes place outdoors. The picture is replete of old garden roses and all that evokes the sweetness and romance of a spring in England.

Rich Links and Low Links, Sabre's devoted maid servants, are delightfully acted by a clever pair, the unimaginative wife—and a thankful job it is to portray her—is done more than well by Margaret Fielding. Precisely as the court room scene is overwrought in the book, so the picture, which all the more praise to director Harry Harry, giving us an honest transcript. For all that, the trial scene, where the innocent and bewildered Mark Sabre is accused by the vicious persecutor, is the most dramatic scene of the picture that has been filmed. The incident of the mobbing that follows is also very strong, and the tale culminates in the affecting reunion of the hero and Nona at the end.

"If Winter Comes" is a revelation in screen drama, and beside it most successes hitherto seem as puerile and gaudy as machine-made toys. Its virtues are its own and no higher praise can be given it than it will be much liked by the discriminating and cultivated theatregoers.

A Baby Peggy Comedy and a new Fox News are also included in the program for the first half of the week. Sam Cohen and his amateurs will appear tonight as usual in addition to the above program with no advance in prices.

Tom Mix in "Soft Boiled" is announced as the feature picture for the latter half of the week starting Thursday.

## "THE COVERED WAGON"

Removed from the thoughts and excitement of the ordinary work-day world, forgetting for the time being you are in a theatre seat, is the delightful sensation experienced by those who will witness the remarkable screen version of Emerson Hough's tale, "The Covered Wagon," to be shown at the B. F. Keith theatre for one week beginning June 5.

This is much more than a motion picture, far greater of scope and appeal than any stage presentation; it is truly a tale of American life and one calculated to appeal to the finer emotions in that it has to do with a period of American history and development of which we are all justly proud. Not the wage of battle against exterior aggression nor the wreck of war for preservation of national integrity, but a heart, mind and body struggle to advance the greatness of the United States. In this struggle enthralling to behold we see both sexes, young and old, and of all attainable American will go to better things. This film presentation is accomplished in a manner thoroughly in keeping with the spirit it reflects and the striking characterizations are conveyed by actors of ability who seem to share full well their responsibility to the national ideal. Among the noted players seen in various roles are Lois Wilson, J. Warren Kersh, Ernest Torrence, Tully Marshall and others.

A special symphony orchestra will play the accompanying score.

## JUNE 14 IS FLAG DAY

Proclamation Issued By Gov. Cox Calls for a General Observance

(Special to The Sun)  
BOSTON, June 2.—The proclamation of Governor Channing H. Cox, calling for a general observance of Saturday, June 14, at Flag day, reads:  
"The flag of a nation is the symbol of its government, its power and its history. The flag of the United States represents the greatest republic the world has ever known. It represents a peace-loving, industrious people who have developed the resources given them by nature. It represents a people who have a firm belief in God, who desire the good will of other peoples, and whose hearts go out to the poor and unfortunate of the world over. To maintain that flag our people have been willing to make great sacrifices both at home and abroad. It has been necessary to wage constant battle for justice and right, not only here but across the seas. The valor displayed by our soldiers and sailors in defending that flag and the principles which it represents enriches the honorable record of a worthy people. 'The one hundred and forty-seventh anniversary of the adoption by the Continental Congress in 1777 of the flag approaches. In accordance with the provisions of a resolve of the year 1911, I hereby proclaim Saturday, June 14, as Flag Day and earnestly recommend that fitting exercises be held in its honor throughout the Commonwealth and that every citizen renew his pledge of loyalty and allegiance to the flag and the republic for which it stands.' HOYT."

## HONORS MEMORY OF DEPARTED COMRADE

"Let's Go," official publication of Lowell Post, No. 87, the American Legion, was given a new lease of life at the meeting of the post last night in the veterans' wing of Memorial Auditorium. This breezy bulletin of post activities first made its appearance during the term of office of Post Commander Stephen C. Garrity, later succeeding only to be revived a month ago to instill enthusiasm in the Memorial day activities. The meeting voted last night to authorize Commander Colin C. MacDonald to name a committee of members to continue the paper as a monthly publication. Post Commander Joseph Molloy was named to represent the post as delegate at the Flag day conference. It was also decided to accept the invitation of the Boy Scouts to parade with them on Flag day. Enforcement was given the high school alumni track meet to be held June 21, and it was voted to name a committee of three to assist in raising funds to assist Al Mello, Lowell boxer, entered in the Olympics. The committee named to dedicate squares in Centerville was instructed to visit as soon as convenient with members of the Centerville East End club, who will assist in the duty. A page in the records of last night's meeting was dedicated to the memory of the late Frank J. McPherson, who died at Essex county hospital Sunday from disabilities incurred during the war.

## FIVE LAW ENFORCEMENT OFFICERS ARRESTED

PRINCETON, Ky., June 2.—Five of the chief law enforcement officers of Princeton and Caldwell counties were arrested yesterday in a sweeping cleanup of alleged prohibition law violators that started Sunday afternoon when 250 search warrants were issued from the office of the city judge. Special deputies and federal agents are continuing their raids. The officials arrested were Sheriff Henry Towery, State's Attorney T. C. Bennett, Chief of Police Charles Martin, County Judge M. R. Smith and Deputy Sheriff Cantwell. They were charged with handling liquor, according to City Judge R. F. Dorr, and were released on bonds ranging from \$1000 to \$5000.

## U. S. ARMEN TO HOP OFF FOR SHANGHAI

KAGOSHIMA, Japan, June 2.—(By the Associated Press) The American aviators flying around the world spent today in rest and tuning up their planes after the strenuous flight from Kuchino here yesterday. They hope to hop off for the flight to Shanghai tomorrow. On this jump of about 600 miles straight across the China sea, they will have the aid of a number of American destroyers if needed. The destroyers have been stationed in the area of the sea at intervals of about 60 miles.

## FIREMEN PROTEST MONTH'S LAY OFF

A delegation of firemen from the city isolation hospital appeared before the board of health at its regular meeting yesterday afternoon to protest against being laid off for a month this summer while the fires are out. While admitting this is the customary procedure, the men said they feel that the city should provide them employment 12 months in the year. The request was denied in the interests of economy.

The application of John F. Zippa, a hospital employee, for more pay, tabled at the last meeting, was referred to the hospital superintendent for recommendation. A letter was read from James E. O'Donnell, as counsel for a group of local milk dealers, asking a conference for the purpose of discussing the local milk supply situation with a view of procuring a local milk supply as far as possible. The board voted to invite Mr. O'Donnell to appear and state his case at the board meeting next Monday.

FOUR-CIRCUIT TUNER OFFERS DX, SELECTIVITY, VOLUME

HOOKUP DIAGRAM OF THE FOUR-CIRCUIT TUNER

BY ISRAEL KLEIN

N. E. A. Service Radio Editor

Experienced radio fans, doubting with hookups during the summer months, might try putting together the improved four-circuit tuner designed by Laurence M. Cockaday, famous radio engineer.

It is well worth the time and trouble, for reports from users of this circuit are highly encouraging. The receiving range is said to be over 2400 miles, the tuning unusually selective

HE HAS THE BUG

Congressman Fred H. Dominick of South Carolina, has the fever. His set is in his office at the capitol and most of his spare time he spends listening in.

RADIO IN SPAIN

Spain is planning a conference at Madrid to organize a system of broadcasting stations similar to those in other countries. There is only one station in Spain so far.

and the volume proportionately high. Besides, these advantages are claimed for the set:

- Wavelength range from 150 to 675 meters.
- Ease of tuning.
- Truthful reproduction.
- Automatic tuning.
- Simple construction.
- Adjustable circuit values.

This means that any novice may be able to work the set with the least difficulty. Oscillation of the detector tube may be controlled to a fine degree so that the set may be put into critical, regenerative condition.

## Special Cuts

The parts for the set should cost about \$95. They should be the best pieces of apparatus obtainable. They consist of the following:

- Four-circuit coil unit, consisting of coils A, B, C and D, which may be built as follows:
- A—Primary winding, consisting of a single turn of bus wire.
- B—Secondary, consisting of 65 turns of No. 18 D. S. C. copper wire.
- C—Stabilizer, consisting of 34 turns of No. 18 D. S. C. copper wire, over first part of B. These three are wound on a 3 1/4 inch tube 5 9/16 inches long.
- D—Antenna tuning coil, consisting of 43 turns of No. 18 D. S. C. copper wire. This is double bank wound and tapped at every sixth turn. It is on a 3 1/4 inch tube 1 5/8 inches long and is placed above B and at right angles to it.

## Other Parts

- E, F—Vernier variable condensers, .0004 mfd. capacity.
- G, H—Small variable grid condensers.
- I—Variable grid leak 1-4 to 10 megohms.
- K—Filament rheostat, 6 ohms.
- L1, L2, L3—Isthos, 20 ohms each.
- N1 and N2—Audio-frequency amplifying transformers.
- O—Input push and pull transformer.
- P—Output push and pull transformer.
- T—Fixed condenser, .0005 mfd.
- V—Variable grid leak and fixed condenser, .0005 mfd.
- W—Three fixed resistances, 45,000 ohms.
- X—Potentiometer, 100 ohms.
- Five tube sockets.
- Two closed circuit jacks.
- One open circuit jack.
- Two switch levers and knobs.
- Eleven switch points.

## Operation

The tubes consist of one UV200 or C300 for detector, and three UV201-A or C301-A, for amplifiers.

Once the set is put into oscillation, there is no trouble tuning in any sta-

tion desired. To do this, the two variable grid condensers, G and H, are turned until the oscillation point is reached.

These condensers are made so that the plates are pressed together by the turning of a knob or thumb screw. Increasing or decreasing the capacity. Both are set by turning the knob counter-clockwise. If the set oscillates too much, the knob of the second grid condenser might be turned back a little.

Now, by operating the switch lever to D, and the two variable condensers, the set can be tuned in easily.

## UNDERWOOD LIKES DOG AND RADIO

By N. E. A. Service

WASHINGTON, May 29—Let us tune in on Oscar W. Underwood, senator from Alabama, and Otto Von Hidelweiss.

Underwood is a candidate for the democratic nomination for president. Otto Von Hidelweiss is his German police dog.

When Underwood isn't busy with politics, he's busy with his dog or his radio set.

Here's Underwood's daily program: Rise early. Then he's off for a romp with his dog. Then a few minutes with his radio and breakfast with Mrs. Underwood.

This is usually followed by an auto

trip to the Speedway, along the Potomac.

Here the senator parks his car and takes a hike.

"A touch of the solitude in the morning starts my mind working clear and easy," says he.

The balance of Underwood's day is spent in his study at home or in the senate office building, then to the senate and later in the afternoon, on another auto ride and hike.

Underwood has a large library in his

home. He is an ardent reader. He is also fond of golfing and hunting, but does most of this at his summer place near Tate Springs, Tenn.

The senator prefers southern dishes—fried ham, fried apples and fried mush.

He is fond of children. Although both of his boys are married, they still are his pals.

The senator is of the precise type. He does everything on schedule and believes in a clean top desk.

Charlotte Walker, soprano, and George David Thompson, baritone.

## BACKYARD BEAUTIES

No flower garden should be without sweet peas and zinnias. They give wonderful results, especially to the beginner.

For the small sum of about 15 cents invested in seeds, a generous display of blossoms from these two varieties can be obtained in just through practically all the summer.

You can get a giant species of zinnia measuring from 4 to 6 inches across each blossom and insure a prolific flower bed.

Sweet peas should be planted early. They grow even in shade and bloom over an indefinite period if the blossoms are gathered frequently to prevent the plants going to seed.

Marigolds and poppies are quite hardy plants. Sow them early, too, and at least a foot apart to get the best color and quantity.

Poppies, especially, thrive best when sown on still frozen ground.

The dahlia, too, is another popular flower for home growing. But it must be watered well and often. Generally speaking, dahlias will grow wherever tomatoes succeed.

They are easily propagated from either seed or roots. The amateur, though, will probably find culture from the root most successful.

Soil for raising dahlias should approximate what is commonly regarded as good garden soil—rich in plant life and of light and crumbly texture. Time for sowing or planting is usually after all danger from frost is past.

Other appropriate flowers for the garden might well include foxgloves, cosmos, Canterbury bells, verbenas, Shasta daisies, asters, marigolds, four o'clocks, peonies, nasturtiums and forget-me-nots.

In planting verbenas, sow the seeds at least a month before the ground stops freezing at night, starting them in a moderately warm living room or hothed.

Soak the seeds a few hours in tepid water and plant them in seed boxes filled with light rich soil. Cover one-fourth of an inch deep. Compress the earth firmly and water sparingly.

When the verbenas seedlings are about an inch high transplant them to larger boxes and place the plants at least two inches apart.

You can set them outside in your garden, when all danger of frost is gone. Give them 10 to 15 inches each way in which to spread. Provide good cultivation until the plants start covering ground.

Under such treatment your verbenas should bloom from early summer under killed by frost.

Petunias should command the attention of the amateur gardener because of the ease with which they can be grown from seed.

They come into bloom early and remain until killed by frost. Sow seeds of all sorts in seedbox, hothed and

# "BELGICA" TURNED OVER TO BELGIAN PILOT

BRUSSELS, June 3.—"Belgica," the balloon purchased by popular subscription to represent Belgium in the coming Gordon Bennett cup race, was turned over today to the pilot, Lieut. Ernest De Myster, twice winner of the event. In accepting the balloon Lieut. De Myster said the competition on June 16 would be keener than any in the past, the Americans especially having made their preparations with extreme thoroughness. He was confident, however, that Belgium would achieve the third victory giving her the trophy definitely. The "Belgica" has a capacity of 2500 cubic meters.

# PARIS TO TOKIO FLIGHT DIDN'T KNOW GUN WAS LOADED, KILLED HIMSELF

FITCHBURG, June 3.—Following the death at Burbank hospital early today, of Charles O'Brien, 20 years old, from a bullet wound in his head, Dr. D. S. Woodworth, medical examiner, announced that the shooting in Townsend last night, was accidental. Witnesses told Dr. Woodworth that O'Brien, who worked in Manchester, N. H., and who was on a visit at the home of his mother, Mrs. Harriet O'Brien, a widow, killed himself with a revolver which he did not know was loaded. While feeding in the presence of his mother and others, he started to demonstrate the fact that there were no bullets in the revolver, which he placed against his right ear. He pulled the trigger, and fell to the floor, unconscious and did not recover. Investigation showed that two chambers in the automatic were loaded. The other three were empty.

# KING'S HORSE NOT IN DERBY

LONDON, June 3.—Something of a sensation in racing circles and much disappointment to the general public has been caused by the decision, announced today, not to run King George's horse, Knight of the Garter, in the Derby tomorrow, owing to a slight lameness. The American jockey Archibald, had been engaged to ride the horse.

# My Gift to every mother — a full size cake of Lifebuoy

Mothers have responded so wonderfully to my little talks on Health Beauty, not only by trying Lifebuoy Health Soap on my recommendation, but also by writing thousands of delightful letters of thanks, that I want to make some tangible acknowledgment.

I can think of nothing more appropriate than asking you to accept a full size cake of Lifebuoy with my compliments.

It would be a delight to call upon you in person and meet the kiddies but I am afraid that is impossible; so I want to ask you to extend a hearty welcome to a deputy of mine who will call in a day or so and present to you a coupon which you can exchange at your dealer's for my gift cake of Lifebuoy. (It is a regular full size cake.)

Once you have tried it, I know you will think the world of Lifebuoy, not only because it safeguards the health of your children and husband, but because it is so gracious and beautifying to your own sensitive skin.

# It's a wonderfully fine soap

Purer, finer soap than Lifebuoy cannot be bought for any price. Its rich pure oils of palm fruit and cocoanut are recognized as being most beneficial to skin. The creamy, penetrating lather is permeated with a gentle antiseptic which produces a peculiar soothing influence of great value for keeping the skin smooth, soft and radiantly alive.

It is this antiseptic lather which safeguards health by removing germs from the skin—the germs you pick up from almost anything you touch and which are the chief cause of sickness and skin blemishes.

Children especially should use Lifebuoy many times a day. It will protect their health.

# OPERATION ADVISED FRIEND SAID "DON'T DO IT!"

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois.—"Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. I recommend the Vegetable Compound to every woman. It has helped me and a lot of my friends."

## LARGER, QUARTERS FOR CITY GIRLS' CLUB

So successful has been the work of the girls' city club since its re-organization three years ago under the direction of Miss Alice E. Sullivan, executive secretary, that larger quarters have been procured to continue the work of the ever growing organization.

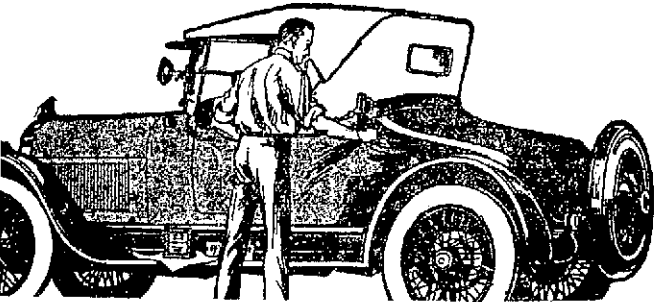

The Pawtucket, bouthouse, in Pawtucket street has been secured through lease, to become effective on July 1. It is planned to use the upper portion of the bouthouse for dancing parties and other social entertainments, three or four nights a week. On nights when it will be unused by the club it will be rented for private dancing parties. The lower hall will be used for general recreation where the girls may gather and enjoy themselves if they so desire.

The large veranda around the building on the second floor will be devoted to an outdoor parlor where any member will be free to entertain her friends.

The Pawtucket bouthouse, built by the founders of the Vesper Boat club and which was maintained for the convenience of canoers and others seeking enjoyment in water sports, was at the building of the Vesper Country club home on Tyngs Island, continued as a bouthouse for some time. Since boating has become a minor demand in the world of sports, the building has been used as a dance hall, where many enjoyable parties have been held.

The leasing of the building by the popular girls' club will enable the organization to expand considerably. At the present time several hundred girls are recorded as active members, and it is through their efforts that the club has been able to sustain its existence.

During the winter months classes in millinery, dressmaking, domestic science, embroidery and other lines are held and are attended by twenty members. Classes in music have also been

## Another Year's Life for the Car

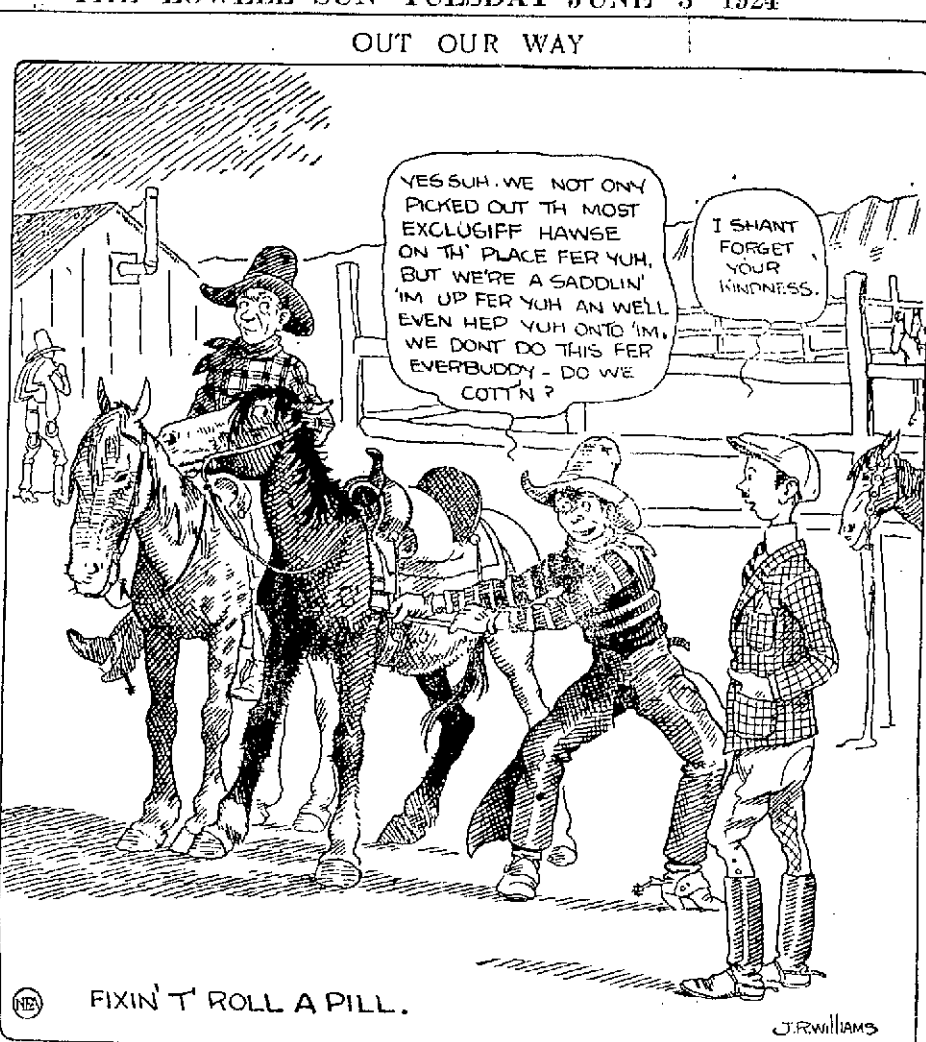

Lots of Automobile owners around Lowell are making the old car do another year by refinishing it at a small cost, and with the car out of service only a short time.

A well-cared for engine should retain its smooth running qualities for quite a few years with very little expense for repairs. So if your car is in good condition with the exception of a little shabbiness, why not go over it with Coburn's Automobile Finish and have practically the equal of a new one.

## HEALTH NURSE FOR NORTH BILLERICA

Miss Mary Hennessey of North Billerica has been appointed by the board of selectmen to succeed Miss Freida Thomson, who has resigned her position as town health nurse. Miss Hennessey may be found at town hall each week day, from 1 until 2 p. m. She is a registered nurse and graduate of St. John's hospital, Lowell.

Miss Thomson, who retires after service in the Billerica nursing home for several years, performed a great deal of work that brought her many high commendations from physicians of the community as well as the townspeople.

The New Fruit Treatment

All the way across the continent comes praise for the marvelous powers of the new Fruit Treatment for conquering disease. "Fruit-actives" is truly a marvelous discovery for it is the intensified juices of apples, oranges, lemons and pines, combined with tonics and made into tablets.

Mrs. F. S. Stolz, 2807 Santa Ave., Sacramento, Cal., says the Fruit Treatment saved her life:

"I had stomach trouble for about ten years, at last, it was so bad I got Stomach Cramps two and three times a week. I tried all kinds of expensive medicines without results. After a year of Stomach Cramps, I read about 'Fruit-actives' and sent for a box, writing your firm that if 'Fruit-actives' did not help me, I would have to die. After the trial box, I felt relieved so I kept on using 'Fruit-actives' for several years and am thankful to say that 'Fruit-actives' saved my life."

## AL MELLO PRESENTED BAG AND TRUNK

Members of St. Peter's Cadets' football team last night gathered at the home of Mr. William Regan, 16 Linden street, and presented Al Mello, one of their number and a U. S. Olympic entry, a traveling bag and trunk.

The presentation was made by Roy John M. Manion, spiritual director of the Cadets, and there were remarks by John Peters, proprietor of Marie's restaurant, John Souza, Mello's enthusiastic manager, and Mr. Regan. Piano solos were given by Mello and Frank Ryan, and there were songs by Fred Goss, Messers, Neville, Kelley, Welch, Grogan, and the Misses Helen O'Connor, Alice Donohue, Katherine Guthrie and Ella Mulligan.

## WOMAN WILL BE FIRST GOVERNOR

BY N.E.A. SERVICE  
SANTA FE, N. M., May 31—The first woman governor of an American state will be Mrs. Soledad C. Chacon, secretary of state for New Mexico.

The first consideration in placing furniture concerns its best position in accordance with its use. For instance, a dresser in a bedroom should be near a window, where as much light as possible is obtained. A desk should never be in any other place but near a window.

## Why Every Constipated Person Should Make This INDICAN Test

THREE out of every four people in this country, if put under a chemical analysis, would show the presence of INDICAN, many doctors now believe.

INDICAN shows that your blood is clogged with toxic poisons, due to constipation. Any day, these may result in a severe breakdown and sickness, and often lead to rheumatism and heart and lung affections. This poison is deadly!

While most laxatives give only temporary relief from constipation, it has recently been found that one of our oldest and best-known home remedies, not only "physics" the stomach, liver and intestines quickly, but also drives the INDICAN away.

**MAKE THIS TEST:** Have an analysis made of your specimen, and the chemist reports the presence of INDICAN—or if you can "feel" how poisoned you are because of headaches, shallow complexion, no appetite and bad stomach—immediately start taking Carter's Little Liver Pills. Next, have another test made and see how the INDICAN is driven out of your system.

From constipation poisons, you will enjoy a clear, bright complexion free from pimples and blackheads, your appetite improves, weight approaches normal, you feel fit, in most cases.

**Important:** Carter's Little Liver Pills are made of a purely vegetable preparation and contains no drugs of any nature. It therefore acts in a natural way and is non-habit forming. Money refunded if results are not satisfactory.

Where there is a pimply skin, had stomach, coated tongue, foul breath, we usually find INDICAN, just as shown in the picture above.

Same person, after taking Carter's Little Liver Pills for only a few days—note the clean, normal complexion. **FREE FROM ANY TRACE OF INDICAN.**

THIS SELECTION OF SHOES ANSWERS EVERY NEED OF JUNE BRIDE. The June bride will find that the number of shoes she covets will be quite astonishing, but with a little consideration she can cut the list. For sport wear she will want flat-heeled oxfords. Those trimmed with patent leather are a good selection. For wear with her suit and her tailored frocks the strapped oxford with the higher heel is needed. For evening she will probably want gold or silver slippers with fancy stockings to match. With her silk frocks she may select pumps of satin or patent leather, with buckles or straps, or both.

### PLAY BY ALTISSIMA DRAMATIC CLUB

Edward Gannon and Howard Conway, two popular young men of Billerica, will have two of the most important roles in the presentation of "Making Daddy Behave." This is the big three-act comedy drama to be presented by the Altissima Dramatic Club of North Billerica, at Thomas Talbot Memorial Hall tomorrow evening at 8 o'clock. This screening comedy of American home life was presented recently by this live-wire amateur theatrical organization scoring a pronounced hit, and its repetition tomorrow evening means another capacity audience. Clever lines, amusing situations, splendid character acting, good, wholesome comedy, make "Making Daddy Behave" a popular play. Tickets have been selling rapidly for tomorrow evening, and many Lowellites are planning on "taking the show in" with the result that a capacity audience is looked for when the curtains ring up at 8 o'clock for the first act. Others participating in the play are Miss Finnegan, Miss Mae McCarthy, Miss Katherine Condon and Miss Collins.

All national parks and national monuments are under the supervision of the secretary of the interior.

### HERBERT W. BURR WANTS TO BE AUDITOR

(Special to The Sun.)  
BOSTON, June 3.—Former Representative Herbert W. Burr of Boston, who in 1922 filed papers for the republican nomination for auditor of the commonwealth, in opposition to Alonzo B. Cook, and subsequently withdrew in favor of J. Arthur Baker of Pittsfield, announced today that he will again seek the republican nomination for that office.

In his announcement, there is no reference to the present auditor, but there is every reason to believe that Mr. Burr will make his campaign largely on the contention that Mr. Cook has been narrow in his conduct of the office.

### BABY'S FIRST TOOTH

The first tooth! It's a tradition in every family possessing a baby. And it was thus in the Mann family. Mr. Mann staged a veritable celebration at the office. Teeth buds begin to form in the third month of life before birth. Thus the diet of the mother has a great deal to do with the later development of the teeth. The mother should have liberal amounts of milk, green-leaved vegetables and fruit containing mineral salts, as well as vitamine-bearing foods.

During the first months of life feeding affects the teeth. Breast-fed babies almost invariably have better teeth than those artificially fed. About the fifth or sixth month the

first tooth should begin to appear. The dangers of teething have been greatly exaggerated by mothers. While there is likely to be a little feverishness and discomfort, and while the baby may seem to gain no weight, there is little cause for alarm. A soft bit of cloth or cotton should be used to keep the teeth clean until well grown and after that regular applications with a brush. Also the child should be given mineral salt-bearing foods, which help develop bone as well as the teeth. Regular visits to the dentist are essential as soon as the child is sufficiently old.

### LOOKED LIKE MAKINGS OF PRETTY BIG FIRE

Fire broke out in the Kennedy store, located adjacent to the Associated Building in Merrimack street, yesterday afternoon at 2:45 o'clock and for several moments it seemed as though a bad fire was in progress for dense clouds of smoke filled Merri-

# Mickey Walker Retains Welterweight Crown—Three Teams Fight for A. L. Lead

## WELTER CROWN STILL ADORNS THE HEAD OF MICKEY WALKER

**Champion Retains Title in Battle With Lew Tendler—Latter Fought Game Battle, But a Slow Start Handicapped Him—Bout a Furious One**

PHILADELPHIA, June 3.—The welterweight pugilist Mickey Walker still adorns the head of Mickey Walker of Philadelphia, N. J., but it received a powerful jarring at the hands of Lew Tendler, Philadelphia southpaw, in a four-round match at the National league park last night.

The heavy Quaker southpaw fought a game bout against the two Bred champion, but slow start handicapped him, despite a burst of speed during the fourth round. The newcomers at the ring, the champion three rounds, Tendler two rounds and called for rounds even.

Tendler's aggressiveness, his lightning left hand coupled with a close guard and an ability to box Walker off when the champion started his rushes, made the Philadelphia look good against the welterweight. On the other hand, Walker lacked his usual aggressiveness and punching power that has characterized his boxing thus far as king of the 147 pound weight.

The bout was a furious one from start to finish. Walker started off strong, pushing Tendler and forcing him to cover up. The challenger opened up continuously against the speedy champion. He assumed a defensive position and invited the champion to bring the fight. Walker did not let him get away with his usual aggressive boxing, which checked his plans and slowed him up to some extent.

Seizing Walker's slackening speed and the lack of power in his punches, Tendler elected to try his luck with Walker at long range, and in this he was more than successful. He drew out of his defensive shell and carried the fight to the champion, standing toe to toe, with him and exchanging blows for blows. The fight by rounds:

Round 1.—The fight started at 10:17. They met in the center of the ring and clinched. Walker came out in the first round with a hard right to Tendler's jaw. The southpaw was fighting purely a defensive fight. In the clinches Walker scored heavily to Tendler's body. Walker was boxing the fight, driving his challenger around the ring. Walker missed a right uppercut, and Tendler fell into a clinch.

The champion was concentrating his attack on Tendler's body. Walker's left found its way to Tendler's chest over a guard left. Tendler got over a guard left, but took a hard beating in the clinching that followed. They met in Tendler's corner and exchanged rights and lefts to the head and body.

Round 2.—Walker drove Tendler to a neutral corner with a left, followed by a vicious right. Tendler attempted to box, but the champion sat in with lefts and rights, which forced the southpaw into a clinch. Tendler's left found its way to Walker's head and Walker missed a right in return. They clinched in Walker's corner. They met in a furious exchange of blows in the center of the ring. Tendler looked for a knockout, but he was left and followed with a right which drove the champion into a clinch to avoid Tendler's attack.

Round 3.—Walker hit Tendler on the jaw with a hard right, and the south-

**Billy Evans SAYS**

The pinch hitter has become one of baseball's most valuable assets. Not so many years ago, any player on the bench not in the game was regarded as an available pinch hitter.

That condition no longer exists. The pinch hitter now plays a distinct part in the game. He performs a particular role, often exclusively.

A major league manager today does not consider his team complete unless he has at least one efficient right and left-handed pinch hitter.

Only recently, Manager Miller Huggins of the world champions remarked to me that his team was weak in one type of pinch hitting. He lacked a good right-handed hitter.

In his two extra outfielders, Combs and Hendricks, Huggins has two mighty good left handed men to use against right-handed pitching. A southpaw in working line available pinch hitters are not nearly so dangerous.

It is impossible to estimate the value of a pinch hitter who is found in opposition. A club strongly fortified in this department of play has a decided advantage.

Never in the history of the game have the major league managers made the use of their pinch hitters more this year.

With plenty of capable substitutes, a manager seldom fails to find a pinch hitter. The use of a pinch hitter, if he is not a regular, late in the game.

There is always the danger that the pinch hitter will start the game in a pinch. If he is not a regular, he is behind at such a time the manager has nothing to lose and everything to gain by sending him into the lineup.

A team is no stronger than its substitutes have long been a sport to make. In baseball, the pinch hitter is applied to the pinch hitting feature.

The two New York clubs have been particularly fortunate in picking up capable pinch hitters.

Outfielder Earl Combs is the outstanding pinch in the American league as a pitcher. With any club but the New York Yankees he would be a star.

Earl Combs is going to make a big noise in the American league and the time has not yet passed.

Manager J. McGraw of the Yankees has found Earl Combs a bit of a pinch hitter.

Every major league club has one or more substitutes who are better than the regulars in pinch hitting. It's come back to me that I have seen a pinch hitter in every major league team.

WASHINGTON, June 3.—W. C. "Red" Matthews, star outfielder of the Milwaukee American Association club, has been obtained by the Washington American team in exchange for Outfielder George Fisher and a cash

## VICENTINI ELIMINATED

Dundee Beats Chilean—Now

in Line for Another Bout

With Leonard

NEW YORK, June 3.—Another meeting between the welterweight champion Benny Leonard and the featherweight and junior lightweight king, Johnny Dundee, is "on the cards" following the elimination of Luis Vicentini, lightweight champion of Chile, in a 12-round bout by Dundee last night.

Vicentini carried a constant threat in his right hand but was able to land only three times on the last moving attack, whose end result was a hit to the head, though without great force, while evading his opponent's crushing swings.

Vicentini weighed 135½ and Dundee 145½. Neither of the latter's titles were at stake.

Round 4.—Walker staggered Tendler with a straight right, and the southpaw drove him to the ropes. Tendler missed a left and got a right to the jaw in return. They were clinched at the bell.

Round 5.—Walker missed a right. Tendler missed a left, and then fell into a clinch, getting a hard pummeling from Walker's lightning.

Tendler stumbled in his own corner trying to avoid Walker's two-armed attack, but recovered quickly. The champion was using both hands effectively. They were clinched at the bell.

Round 6.—Walker missed a right. Tendler missed a left, and then fell into a clinch, getting a hard pummeling from Walker's lightning.

Tendler stumbled in his own corner trying to avoid Walker's two-armed attack, but recovered quickly. The champion was using both hands effectively. They were clinched at the bell.

Round 7.—They clinched. Walker spun Tendler around with a left hook and a right cross, the challenger lunking on the ropes. Tendler's left broke through Walker's guard twice. Walker countered with a right to the jaw.

Round 8.—Tendler's long left found Walker's jaw, and he crossed with his right, forcing the champion into a clinch. Tendler's left broke through Walker's guard twice. Walker countered with a right to the jaw.

Round 9.—Walker's long left found Walker's jaw, and he crossed with his right, forcing the champion into a clinch. Tendler's left broke through Walker's guard twice. Walker countered with a right to the jaw.

Round 10.—Walker started viciously, getting Tendler to the ropes with a body attack. Both missed wild swings. The champion found trouble getting through Tendler's long guard. Some of the crowd in the ring in protest to referee Brennan's decision to allow Walker's vicious infighting, and he stopped the bout while he threw the hat out. Tendler scored heavily with his chopping left to Walker's jaw.

Tendler met the champion blow for blow.

Round 11.—They shook hands to start the final round. Tendler boxed in on the fighting champion. Tendler's left found Walker's jaw, and he crossed with his right, forcing the champion into a clinch. Tendler's left broke through Walker's guard twice. Walker countered with a right to the jaw.

Round 12.—Walker started viciously, getting Tendler to the ropes with a body attack. Both missed wild swings. The champion found trouble getting through Tendler's long guard. Local boxing followers are showing great interest in the 46-round card arranged by the Moody club for the American Legion show at the Crescent club on Thursday night.

Action is written all over the program and each and every bout listed is expected to prove a brawler. All of the boxers scheduled to perform are well and favorably known to fight fans.

Tony Mandello, of Worcester, who is down to tackle Babe Adams or Lawrence, has boxed here several times, always giving a good account of himself. He is managed by Mike Criss, who also handles a half dozen other good boys, and Mike confidently expects that some day in the near future Tony will be up there battling for the title.

Adams also has a fine record and will work here against Jimmy Pat Frankie Hubert, Benny Nelson and others is well remembered by Moody club fans.

QUESTIONS

1. If a batter has the ball in his possession ready to throw a base runner and after so doing the ball is deliberately knocked out of his hands by the runner, what is the proper decision?

2. If a runner on first, believing that a fly ball is not going to be caught, starts to advance, and has nearly reached third base when the fielder makes the catch, does the throwing of the ball to second base before he can get back there double him up?

3. If after a batted ball goes through an infielder, a base runner, in the opinion of the umpire, deliberately kicks such a hit ball, what is the proper ruling?—A. A.

ANSWERS

1. The runner should be called out for such an act.

2. In order to properly make the play, the runner should either be touched with the ball, or it should be thrown to the base he occupied when the ball was hit, and in this instance, it was first.

3. The base runner should be called out for interference.

QUESTIONS

1. When a pitcher is announced, what must he do?—J. R.

2. What happens when the umpire is hit by a batted ball on which no play has been made?—B. T.

3. If the umpire is hit by a thrown ball what is the proper ruling?—B. E.

ANSWERS

1. When a pitcher is announced in the lineup he must pitch until at least one batsman is retired or reaches first.

2. If the umpire is hit by a fairly batted ball on which no play is made, the batsman is entitled to first base, but no runners can advance unless forced to make room for the batsman.

3. If the umpire is hit by a thrown ball, the ball is considered in play.

FIGHT FOR LEADERSHIP

Four Eastern Clubs of Junior League Play in West, While

Two Western Clubs of National League Invade East—

Walter Johnson Continues Winning Stride

NEW YORK, June 3.—Four eastern clubs of the American league play in the west today, and two western teams of the National invade the east in the opening games of the second big migration of the baseball season.

Major interest attaches to the American with Detroit as the strategic point in a triple contest with New York and Boston for the leadership. The Tigers, tied with the Red Sox, are half game back of the Yankees, entertain Washington and Philadelphia before clashing with the world's champions and Boston.

The path of Huggins and his team, with Babe Ruth carrying more than his usual appeal because of his attack on his 1921 home run record, and his designation as the most valuable player in the American circuit, lies in order, through Chicago, St. Louis, Detroit and Cleveland.

The Red Sox go from St. Louis to Chicago and then through Cleveland to Detroit. The schedule calls for all eastern clubs to meet each western rival in four games before June 15.

The situation in the National league, where the Giants enjoy a two game

lead and other clubs follow at distances graded mostly in one game, rests principally upon the success with which western clubs renew their attack upon Metra's team, which appears to be almost invincible in contests with teams of its own section.

Under the eye of John McGraw, who watched his team play for the first time since the series at Pittsburgh, the Giants displayed a reversal of form yesterday and defeated Boston 9 to 6 in a setting of scintillating fielding and clustered base hits. Ryan held the Braves to one hit in six innings, but he spoke out badly in the last three frames and was relieved by Jonnad.

Kelly hit a homer and two singles. Pittsburgh advanced to within a division by trouncing the Cardinals, 6 to 2. Carey hit a homer. The Pirates will begin their eastern swing at Brooklyn tomorrow in confident mood and are generally regarded as ripe for a series with the Cardinals.

Philadelphia defeated the Athletics 8 to 4 as Walter Johnson held Mack's team to seven hits. No other games were scheduled in other leagues.

YESTERDAY'S RESULTS

Washington 8, Philadelphia 5. No other games scheduled.

GAMES TOMORROW

Boston at St. Louis. New York at Chicago. Washington at Detroit. Philadelphia at Cleveland.

Entries secured in order to put Lowell Kennel club's exhibition really on the map. All leading kennels of the east will be represented. Many have already earned laurels in Boston and New York city shows and a majority are worth thousands of dollars.

## VIC HIRSCH TO MEET FELIX KING IN NASHUA

NASHUA, June 3.—The Nashua Driving club announced today an attractive card for a big open air boxing carnival to be held on the Nashua theatre lot on L street, on June 6. Matchmaker Hamlin has been busy on arrangements for the show for several weeks and he has succeeded in signing up eight well known performers. In the main event Vic Hirsch and Felix King, two well known butlers, will clash. In one eight round bout, Dotty O'Neil of Nashua, a very satisfactory performer, will oppose Babe Adams, classy Lawrence boy. In the other eight, Paul Quodette, Nashua strong boy, will tackle Joe Delmont of Lawrence. In the six round preliminary, Young Morin of Nashua and Young Doyle of Lawrence will meet.

## STRAMAGLIA READY TO MEET DEMPSEY

LOS ANGELES, June 3.—Rocco Stramaglia, Oakland heavyweight, is ready to meet Jack Dempsey, champion heavyweight, in one of the feature bouts of the benefit boxing show at Vernon arena tonight.

"I think I've had Dempsey's goat since that training encounter at Shelby, Mont.," declared Stramaglia. "I'm not a champion, but I know how to beat one in a short bout."

He left Dempsey's camp after it was said he hit too hard in practice.

The champion will box four opponents two rounds each at tonight's show. Fred Sullivan of San Francisco; Pat Lester of Arizona; Sam Elman of this city; and Stramaglia.

## TIMELY TIPS TO AMATEURS

SAYS LARRY GARDNER.  
Third Baseman, Cleveland Indians

The third base job is more clearly defined than any other position on the infield, as far as limitation of territory is concerned.

There is no comparison between the territory a third baseman must cover and that of the shortstop and second baseman.

Balls are ordinarily hit so sharply at the third baseman that he cannot be expected to go very far to his right or left.

The third baseman must shift more within the narrow confines of his territory than the other infielders. This point should never be forgotten by the player aspiring to star at third.

Play your baters differently. On one baseman you may play deep, knowing he is a hard hitter who never hits. On the very next batter it may be necessary to be in on the grass, as the latter is noted for doing the unexpected.

No athlete should select third base as his position unless he has a good throwing arm. A weak arm is fatal in a third sacker. This is due to the fact that the throw at third is usually long and hurried.

Learn to throw underhand. This is a most valuable asset.

## TRACK MEET ENTRIES AT ALUMNI FIELD

Entries for the open track meet, which is to be conducted at Alumni Field in connection with the dedication of the new cinder track June 21, have been received by Faculty Manager James F. Conway of the Allen school from a number of well-known track men, several schools and athletic associations.

Among the individuals already entered are McCloskey, who ran second to Tom Cavanaugh in the New England Intercollegiate mile and thus established his skill and endurance; McKillop, a member of the Boston college two-mile relay team; Bidout of the Stoughton Civic association, who ran second in the N.E.A.A. mile championship; John Hyde, also of Stoughton, who has figured prominently in the mile event at several contests; Arthur Newhurst of Methuen, who enters for the three-mile race; Henry Wiley of the Quabry Y.M.C.A., a dance-music man in both the three-mile and one-mile contests; Sam Harrington of Pawtucket, R. I.; and Henry Lupinus of Manchester, N. H., who enters for the three-mile race.

The services of Roland E. (King) Falls have been secured by Mr. Conway to get out a large number of the school alumni in this meet and it is expected that all who took part in the school-alumni meet last January will enter for this affair.

A special feature of the meet will be a four-cornered relay with teams from each of the junior-high schools of the city competing.

At last night's meeting of Lowell post, American Legion, Mr. Conway appealed for the post's support and this was voted. The post further went on record as in favor of its members entering and running under its colors.

## C. M. A. C. VERSION OF TWILIGHT BASEBALL

The following self-explanatory letter was received today: June 2, 1924.

Sporting Editor, The Lowell Sun, Lowell, Mass.

Dear Sir—Allow me, as secretary of the C.M.A.C. B.B. club, to say a few words in regard to an article entitled "Protest" which appeared in your edition of June 2.

In past years Lowell has had leagues composed of students at local schools, said students never having paid one single cent in taxes to the city of Lowell. Why didn't these teams protest at the time?

In past years the teams of Lowell were composed of so-called old-timers, who were not satisfied to play unless they received as their share of the collection \$10 or \$12 per night. These players, who were in it for the money, received columns and columns of publicity, while players in this year's league, who are satisfied with paying expenses, are assigned 10 or 12 lines per day. Why the difference?

This year, when the old-timers saw that the prospects of good collections were very slim, they kept away from the league. Some of them are playing with the City League. Hence the protest. They want it all, instead of the newspapers of Lowell, instead of standing by real sport, seem to be siding with the City League, which it seems is not sport enough to give the other fellow a chance.

Regarding Mr. Towne, it was natural for him to resign when his team left the league, as a person cannot be director of the league unless he represents a team playing in the league.

Regarding the C.M.A.C. Baseball club. The changes recently made in our team are the result of years of agitation in the C.M.A.C. club for a representative team, composed of members of the club. This year we have such a team and we guarantee that, with fair play, we will trim the other teams and we won't ask one cent for doing it, either.

Allow me, in conclusion, to take exception to the remark that "the only real two teams in the league are the Centralville and the Hosanna Central." Whoever believes that will receive the surprise of his life in the near future. The C.M.A.C. have defeated the Centralville twice so far, and tied the Hosanna once, so that that remark is uncalled for, and I would consider it a favor to the C.M.A.C. team if you corrected that statement.

The Sun has made a record in the past for its fairness and I am sure that you will receive this letter in the spirit in which it is written, and that, if possible, it isn't too long, that you will print it in full.

Thinking you in advance for your consideration allow me to remain, Yours for fair play and sportsmanship.

LEON LAMONTAGNE,  
Secretary, C.M.A.C. Baseball Team.

THE WAY TO EVERLASTING PEACE

FOR ADJOURNMENT OF PUBLIC APPEAL FOR DAUGHERTY INQUIRY CONGRESS SATURDAY LOWER LIVING COSTS

WASHINGTON, June 2.—The house today adopted a resolution for sine die adjournment of congress at 7 p. m., next Saturday. Senate concurrence is required.

A proposed recess for a month or six weeks, and a return to consider a definitely outlined program, was being discussed meantime by members of the senate farm bloc and some progressives. It was expected the suggestion would be introduced in the senate as a substitute for the adjournment resolution.

Some encouragement was given at first to the recess proposal. Both the republican and democratic senate leaders were said to be convinced that a non-partisan majority was in favor of adjournment.

The adjournment resolution was adopted in the house by a vote of 221 to 157.

The opposition came chiefly from democrats, republican insurgents, and other republicans from the middle and far west, who have been demanding action on farm, reclamation and railroad legislation.

A. L. Fink Not Under Subpoena and Committee Has No Desire to Hear Him

WASHINGTON, June 2.—Before the senate Daugherty committee resumed work on the American Metals Co. case today, it peaceably disposed for the time being of the intervention of A. L. Fink, who claimed the right Saturday to testify. An attorney who said he represented Fink was told by Chairman Daugherty that Fink was not under subpoena, and that the committee did not wish to hear him. The attorney left.

On Saturday Fink claimed the right to tell the committee that attempts were made to induce him to slander President Coolidge and to put in allegations about liquor furnished by Senator Wheeler to Roxie Simpson.

Adna R. Johnson, special assistant attorney general, assigned to the alien property office, was recalled by the committee and Senator Wheeler got him to identify Howard Mannington and Alfred H. Union, mentioned in the flight film and other cases. Dean Smith recommended Union "very highly" at the alien property office, Johnson said, and as an attorney, Union represented clients in several cases before the office. Mannington, though, said in previous testimony not to be a lawyer, had "a brief" in one case before the office, Johnson added.

The committee prosecutor then turned to the metals case. Previous testimony has been that the value of the German stockholding in the American metals company seized during the war, was returned to a Swiss corporation in 1922, though, the Swiss company was a subsidiary of German corporations. The amount was \$5,400,000.

Senator Wheeler asked on what principle of law the return had been made, and Johnson said that 95 per cent. of the debenture bonds of the Swiss corporation were owned by neutrals.

"There was nothing in the idea to show the Swiss Co. was in fact a subsidiary of the German corporation," the witness said.

DECLINE OF 26 POINTS IN PRICE OF FRANCS

NEW YORK, June 2. An abrupt decline of 26 points in the price of francs today carried the rate below five cents for the first time since it crossed that level in recovering from its collapse early in March. After dropping to 4.45, though, the rate later rallied to about 4.90.

The unsettled French political situation was blamed by local foreign exchange bankers for the weakness of the currency.

Stocks also moved lower, dropping further today to 34.30s.

WASHINGTON, June 2. Chief Justice Taft notified his office today that because of illness he could not attend today's session of the supreme court. He has remained at his residence for several days on account of stomach trouble.

It was said his illness was not serious, and that he would resume his judicial duties within a few days.

BATTLE WITH RUM RUNNERS

Customs Forces in Two Small Boats in Fruitless Battle With Three Yachts Powerful Yachts Attempted to Ram and Swamp Attacking Party

NEW LONDON, Conn., June 2.—Customs forces on two small marine patrol boats operating out of New London for four hours and a half yesterday, waged a fruitless battle against the alleged rum-running yacht Antenna, plying westward in the sound with what is believed to have been 2500 cases of liquor, and the yachts Sioux and the Heit, traveling light and acting as scouts for the rum carrier, it became known here today.

While the three steam yachts, of large proportions, bore down on the customs boats and attempted to ram them or swamp them in the race, the prohibition agents who came here from New York, poured leaden bullets on the alleged rum-runner which, however, was protected by armor plate, and finally escaped to sea.

The loss of the battle was due to the smallness of the marine patrol boats Liberty and No. 6, which were unable to withstand the sea kicked up by the powerful yachts, which tried to send them to the bottom. Nevertheless Liberty and No. 6 kept up the fight until their supply of ammunition was exhausted and their fuel ran low, compelling them to return to port.

The contest was the first real marine contest this Sound has witnessed since prohibition became effective. The lives of the customs crew were continually in peril as their boats scarcely escaped the approaching prongs of the rum carriers and her scouts, but the men stood up under the strain without flinching.

BRITISH LIVING UP TO NAVAL TREATY

LONDON, June 2.—Great Britain has incurred no naval expenditure contrary to the provisions of the naval treaty for limitation of naval armaments, Charles Ammon, parliamentary secretary to the admiralty, today replied in the house of commons to a questioner who asked for the amounts spent by Great Britain, the United States, France, Japan and Italy since the treaty, and whether such expenditures were increased contrary to the agreement agreed upon at the Washington conference. Mr. Ammon added that he assumed the other signatories of the treaty also were carrying out its provisions.

AM. RAILWAY EXPRESS CO. SUBJECT TO CONTROL

WASHINGTON, June 2.—The American Railway Express Co., was held by the supreme court today to be subject to the jurisdiction and control of the interstate commerce commission.

The question was raised in three cases brought by the United States, the Southern Express Co., and the Southern Traffic League, and others to set aside an injunction granted by the federal district court for Northern Georgia restraining the commission from exercising jurisdiction.

## Jack Daw's Adventures. Chapter 9

Jack suddenly heard a loud roar and looking about, at the opening in the tent, he saw Roscoe, the circus elephant. Beside the big animal stood the elephant trainer. "Come on, young fellow," said the trainer. "We are all ready to perform." So Jack and Flip hid the clowns goodby.

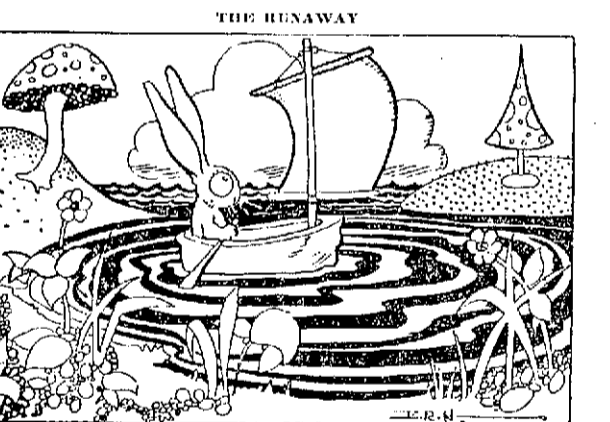

It was but a short distance to where the elephants were lined up, ready to enter the main tent. "Can I ride in on one of the elephants?" asked Jack. "Why, sure," replied the trainer. "Hop right up on Roscoe." Jack laughed. "How can I hop up high enough to reach his back?" he asked.

And before the trainer could answer Roscoe grabbed Jack around the waist and lifted him gently up into the air. There was a very pretty seat on Roscoe's back and Jack shortly found himself sitting in it. All this time Flip was barking and having a great time running around. (Continued.)

## ADVENTURES OF THE TWINS

"MY, ISN'T THE WORLD BIG?" HE CRIED.

"Oh, no!" cried Cutie Cottontail. "Now I'm a sailor and I'm going to sea."

He had gone to Mister Bags' store in the woods for a pound of lard, and on his way home he had stopped at the creek and dumped out the lard and made a boat out of the little wooden thing it came in.

He put a piece of paper up for a sail and jumped in, and away he went.

Cutie was a very, very little rabbit boy, the biggest part of him being his pink ears. And the little boat bore him along very fast.

"My, isn't the world big!" he cried. "I've never been so far away from home before."

The little creek carried him along, away from the forest and through the meadow and down through a valley toward the river.

"Hello," he called to Jimmy Jay, looking for mosquitoes along the bank.

"Hello!" called Jimmy. "Where are you going?"

"To make my fortune! I'm going out to sea," answered Cutie.

"Look out for whales!" laughed Jimmy.

Next he passed Charley Kingfisher.

"Hello!" called Cutie.

"Hello!" called Charley. "Where are you going?"

"I'm going to sea!" answered Cutie loudly.

"O ho!" whistled Charley. "Watch out for pirates!"

"Pirates yourself! I'm not afraid," called Cutie, sticking his pink ears forward to show how brave he was.

The next person he passed was Sammy Snipe, wading near the shore in the meadow.

"Hello!" called Cutie. "What are you doing?"

"Fishing," answered Sammy. "What are you doing away out there?"

"Taking a good look!" called Cutie. "I'm running off. I'm going to sea."

"Watch out for the waves!" called Sammy. "They're as high as church steeples!"

"Watch yourself! I'm no baby," called Cutie.

On went the little boat until it came to the river.

To all persons interested in the estate of Thomas A. Wall, late of Lowell, in said County, deceased.

Whereas, Edward L. Florney and Frank J. Garvey, administrators of the estate of said deceased, have presented to said Court their petition praying the Court to determine the amount of money, which by mortgage, post-mortem, or otherwise, they may pay for the execution of a commission on the grave and for the perpetual care of the lot in which the body of said deceased is buried, and to whom the same shall be paid.

You are hereby cited to appear at a Probate Court, to be held at Lowell, in said County, on the seventeenth day of June, A.D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said administrators are ordered to serve this citation by delivering a copy thereof to all persons interested in the estate fourteen days at least before said Court, or by publishing the same once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing, post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this nineteenth day of May, in the year one thousand nine hundred and twenty-four.

CHARLES N. HARRIS, Register.

# TAX REDUCTION BILL SIGNED AND ASSAILED BY PRES. COOLIDGE

Measure Becomes Law—President Declares He Will  
Bend All Energies to Obtain Passage at Next  
Session of a Bill "Less Political and More Economic"

WASHINGTON, June 3.—A new federal tax law is on the federal statute books today, but it will have to weather a determined fight by the administration to obtain a law more to its liking at the next session of congress to remain there.

President Coolidge served notice in a statement issued coincident with his signature of the tax reduction bill yesterday that he would bend all of his energies to obtain passage at the next session of a bill "less political and more economic."

Despite its "obvious defects" the president said in his statement, he had signed the bill as serving the best interest of the country because of its advantages as a temporary relief and a temporary adjustment of business conditions, adding that a "correction" of its defects may be left to the next session of congress.

The bill, which the president declared, represents merely "tax reduction, not tax reform," cuts federal revenues by an amount estimated at \$361,000,000 for the next fiscal year, and decreases tax rates generally to the lowest level since 1917. Almost every federal taxpayer shares in the relief afforded.

The president's criticisms were directed chiefly at the measure's failure to make greater reduction in surtaxes or forbid further issuance of tax exempt securities at the increase to a maximum of 40 per cent in the estate tax, the publicity features and action of congress in reducing the salaries recommended for members of the board of tax appeals and affecting their terms of office. He also intimated he might call a conference prior to the next session of congress to work out a scheme for division of taxes between the federal and state governments.

## LOWELL DISTRICT COURT

Trying to Be a "Good Fel-  
low" Cost Leo Ouellette  
\$40—Other Cases

In district court this morning, Leo Ouellette was found guilty of unlawfully using an automobile belonging to Walter H. Chandler, and operating in a manner to endanger the lives and safety of the public. He was ordered to pay a fine of \$20 on each count.

Ouellette was arrested about 3.30 o'clock yesterday afternoon, by Officer Louis LeMay, who stated defendant was going at a 40-mile an hour clip in Pawtucket, Salem and Decatur streets, and on one occasion forced another machine to seek safety by going to the opposite side of the road to avoid being hit.

The officer testified that he first saw the machine in Salem street with Ouellette at the wheel and three or four others as passengers. The auto sped down Salem to Decatur street and out into Merrimack, where the officer lost sight of it in the heavy traffic. It was next spotted in Pawtucket street, where the near collision occurred.

At Decatur avenue, said the officer, the machine was brought to a stop and all the occupants alighted and started to run away. Ouellette was apprehended and taken to the police station.

On the witness stand this morning, he admitted that he had taken the machine from Little street without the permission of the owner. He said he took his companions for a ride to be a "good fellow."

Of the other cases on today's docket, non-support complaints were conspicuous. William J. Briere pleaded guilty to a charge of this nature, and was given a suspended sentence of five months in the house of correction on condition that he contribute \$16 weekly to his wife.

Robert Dukeshire was given a four months' suspended sentence with the provision that he turn over a similar amount to the probation officer. He appealed the sentence.

Francis R. Taylor, whose wife charged him with failure to support three minor children, was adjudged guilty and ordered to pay \$15 weekly under penalty of a three months' sentence.

A non-support charge against Martha Riley was placed on file.

Thomas Nagle, drunkennes, was sentenced to five months in the house of correction.

## BOY STRUCK BY BICYCLE

DIES AT HOSPITAL

John Welch, 3-year-old son of Mrs. Margaret (Murphy) Welch and the late William Welch, died at St. John's hospital late yesterday afternoon following injuries received May 13 when he was struck by a bicycle while playing baseball on the South common.

The accident in which the Welch boy was injured occurred at about 7.30 o'clock in the evening of May 13. With a group of playmates, he was playing ball near the pool in the common when he was struck by a bicycle which was being ridden by George Guerin of 185 Howard street.

Medical Examiner Marshall L. Alling was notified of the boy's death and viewed the body, which was later taken to the home of the mother, 115 Adams street, by Undertakers James P. O'Donnell & Sons. Deceased is survived by his mother, one sister, Helen Welch, and a brother, William Welch.

No action will be taken by the police, according to Supl. Atkinson, until the medical examiner's report is made.

## CHAMBER OF COMMERCE

BULLETIN FOR JUNE

The June number of Lowell chamber of commerce "Bulletin" is out today. It is illustrated as usual, with excellent half-tone photographs of current public news interest.

The chamber executive officer report through the "Bulletin," that during the month of May, 14 different organizations made use of chamber headquarters as a place for their meetings. Thirty-one different meetings were held, with a total attendance of 418 persons. The officers and directors of the chamber announce that any organization which desires to make use of these rooms is welcome to do so.

The Retail Trades

Chamber of commerce has just completed a survey of the retail trades in Lowell. The results are said to prove that although business conditions in New England are generally suffering from depression, the volume of sales as compared with a year ago reported as follows:

Average, 5; greater, 1; less, 3.

General conditions as compared with a month ago:

Good, 33; fair, 2; better, 33; poor, 3.

Outlook for retail trades for coming month:

Better, 3; good, 1; fair, 44; poor, 2.

The "Bulletin" carries an extended article urging better fire protection for Lowell, printing the recent report filed with the city authorities and approved by the directors in full. A boosting article is also inserted for the high school alumni field and the coming athletic meet, to be conducted at former Spaulding park, Saturday, June 21. The chamber officers are selling tickets for the event, throughout the city. Many members have given their time and service to the ticket-selling distribution.

Principles of Business Conduct

An article taken from a list approved at the May 6-8 annual meeting of the United States chamber of commerce, held in Cleveland, O. The need for better business ethics in Lowell and New England at large, has been emphasized for sometime by the local chamber and Lowell Rotary club, as well as other clubs working in boosting campaigns for prosperity's return.

The chamber directors are boosting along the coming Lowell Kennel club show, to be held at the Kasino, Thursday, June 12. The benching of more than 800 canines by owners residing in many sections of the United States and Canada, is regarded as a genuine Lowel-advancing campaign. In fact, and the chamber members are championing the kennel club's effort with enthusiasm that is sincere.

Page four of the "Bulletin" contains a magnificent half-tone engraving of Lowell's Memorial Auditorium, which is placed at the top of a short history of the city of Lowell, copied from the latest New York, New Haven & Hartford timetable. The New Haven system is advertising different cities along its lines and Lowell is the first in the free publicity list.

After delineating a list of Lowell's 300 manufacturing establishments with \$120,000,000 of capital invested, employing 35,000 people and paying \$25,000,000 in wages annually, in normal prosperity periods, the railroad timetable refers to the new Memorial Auditorium as follows:

"The \$1,000,000 Lowell Memorial Auditorium pictured above was erected to the memory of Lowell house in Newburyport. The child born in Newburyport on the North Shore, after being moved to Lowell here, neighbors found the doll still sitting on the lawn holding an empty tea cup."

## FOR VOTE ON FORD BID 'G. O. P.' CONVENTION

Muscle Shoals Issue Looms  
as Obstacle to Proposed  
Adjournment of Congress

WASHINGTON, June 3.—The Muscle Shoals issue loomed today as one of the most prominent obstacles to the proposed adjournment of congress next Saturday night.

Advocates of Henry Ford's offer reiterated today that they would throw their full weight against any proposal for adjournment before a vote on the Ford bid is obtained. They asserted that with the support of senators favoring enactment of farm relief legislation at this session of congress, they would control sufficient votes to become a determining factor.

Chairman Norris, leader of the forces opposing Ford's bid, declared that if an agreement were reached to adjourn next Saturday he would favor withholding the Muscle Shoals question from the senate. He declared it would be useless to attempt to settle the issue in such a short time.

Senator Hollis, democrat, Alabama, who has prepared a minority report on Muscle Shoals for presentation today, predicted with emphasis that a vote would be taken on Henry Ford's bid at this session of congress.

## CHARGES NATION-WIDE PLOT AGAINST M'ADOO

LOS ANGELES, June 3.—A nation-wide newspaper conspiracy against G. McAdoo's candidacy for the democratic presidential nomination is charged in a statement signed by David Ladd Rockwell, chairman of the national McAdoo-for-president committee, and made public here today, at McAdoo's headquarters.

"Almost the entire American republican press and all of the reactionary democratic press," says the statement, "have combined to suppress all news favorable to Mr. McAdoo's candidacy. At the same time, all news unfavorable to his candidacy has been given conspicuous place upon the front pages. Editorially, too, the republican newspapers of this country have persistently and consistently endeavored at all times to impress upon the democratic electors Mr. McAdoo's unavailability."

The alleged newspaper plot is only one angle of "an apparent combination of the republican stand-pat managers and the reactionary forces within the democratic party," Mr. Rockwell goes on to say, but despite the obstacles erected by this combination, "the great jury composed of the democratic electors of this country has reached its verdict, and it will be read to the great convention in New York, June 24."

## POSTAL MAILED IN 1912 REACHES SPRINGFIELD

SPRINGFIELD, June 3.—A Christmas greeting card mailed Dec. 23, 1912, in the neighboring village of Feeding Hills, was received May 23 last by Miss Olive H. Cawsey, nearly 11½ years after it was mailed and more than six years after the death of the sender, George Hudson, Miss Cawsey announced today. Where the card has spent the interval postal officials here are unable to indicate. The card bore only the original Feeding Hills postmark, and that of a sub-station in this city of May 23.

## YALE-HARVARD FOOTBALL TICKETS

NEW HAVEN, Conn., June 3.—Arrangements for distribution of tickets to the Yale-Harvard football game at Princeton on Saturday, June 7, were made today as delegates continued to arrive for the opening tonight of the 17th biennial convention of the General Confederation of Women's Clubs.

"World peace" is the convention theme on which the more than 10,000 women, representing 15 nations, will center discussion.

As in the past, the home team is allotted three-fifths and visiting team two-fifths of the total seats for each of the two games.

## FAIL TO FIND MAJ. MARTIN'S PLANE

SEWARD, Alaska, June 3.—Lieut. Clayton L. Bissell, who arranged in British Columbia and Alaska for the flight around the world by four planes in the United States army, said today searchers had tried vainly to find the machine wrecked against a mountain on the Alaska peninsula by Major Frederick L. Martin, commander of the expedition.

Lieut. Bissell came here from Westward on the United States coast guard cutter Haida, and will go to Port Moller, on the North coast of the Alaska peninsula, to extend the hunt for Major Martin's machine.

## FATALLY BURNED MAKING TEA FOR DOLL

CAMDEN, N. J., June 3.—Trying "to make tea" for her favorite doll, six-year-old Stella Pasarella gave up her life when her clothes became incited from the tiny fire of a gas she had made on the lawn of 12 men and women, who have taken part in the wars in which this country has been engaged and is one of the first and finest places of its kind in the United States.

## THREE DAYS A WEEK SPRINGFIELD, June 3.—Several departments of the Indian Motorcycle Co. today went on a working schedule of three days a week, the order, affecting between 300 and 400 men, General business conditions in the town are good.
